Bug 4:

Title: Breadcrumb leads to page that doesn't exist.
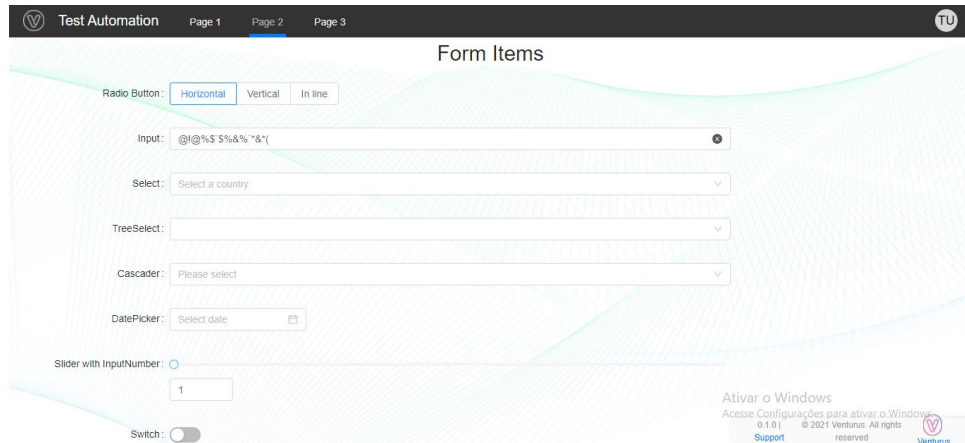

Priority: Critical.

Description:

After clicking on Page 3, and clicking in "Page 2" of the breadcrumb, it leads to a page with the title "Page Not Found".

Steps to reproduce:

- Sign in;
- Click on Page 3 on the top bar;
- Click on Page 2 in the breadcrumb.

Result:

- It leads to a page with the title "Page Not Found".

Bug 5:

Title: The field "Input" allows the user to type special characters.

Priority: Critical.

Description:

After clicking on Page 2, and and type any special characters in the "Input" field, the field allows it.

Steps to reproduce:

- Sign in;
- Click on Page 2 on the top bar;
- Type any special characters in the "Input" field.

Result:

- The field "Input" allows the user to type special characters, not returning any message or clearing the field.
